

**DAVID S. EHRHARDT, AIA
VICE PRESIDENT**

As a Project Manager, Mr. Ehrhardt is responsible for programming, planning studies, preliminary design, architectural design and construction documents.

Prior to joining Dario Designs Inc., Mr. Ehrhardt was an architect and newspaper consultant with the Blevins Harding Group, and was Vice President of the Pellegren Corporation, responsible for architectural design, interior design, equipment analysis and layout, as well as long range planning. Both firms emphasized design and planning for the newspaper industry. He has also conducted research in the newspaper industry that has resulted in several articles published in the leading trade publications for the industry.
